

**Name of Work:** SUPPLY & INSTALLATION OF BUSINESS DESKTOP COMPUTER, A3 SIZE MULTI-FUNCTION PRINTER AND UPS.

**Tender No.:** IGGL/GHY/C&P/IT/EQUIPMENT/04-21 dated 27.04.2021 (E –TENDER NO: IGGL-100022)

**MEMBERS PRESENT: (Meeting was held through Video conference system)**

**Indradhanush Gas Grid Limited:**

- 1) Mr. U. Das, CM (C&P)
- 2) Mr. Bhabesh Kalita, CM (PE)
- 3) Mr. S. Bhattacharyya, M(C&P)

**Participating Agencies / Participant:**

- 1) Sri Satyam Rai [M/s HP India sales Pvt. Ltd.]
- 2) Sri Hrishikesh Sarma [M/s Elite computer & communication Pvt. Ltd.]
- 3) Sri Supratim Nag [M/s Better Power Services Pvt. Ltd.]
- 4) Sri Deepak Choudhury [M/s Eastern Technology Group]

**GIST OF DISCUSSION:**

- 1) Pre bid meeting was held through Video conference system.
- 2) During the Pre-Bid meeting some queries were raised by the above participating bidders and same were discussed. One bidder M/s BMG Informatics Pvt. Ltd. submitted their queries via email. Queries raised and IGGL reply are as follows for information to all concerned:
  - i) Both the Bidders (**M/s HP India sales Pvt. Ltd.**) & (**M/s Elite computer & communication Pvt. Ltd.**) raised same Pre-Bid queries and IGGL's reply are as tabulated below:

Sl. No.	Page No.	Item	Subject		Bidder's query (M/s HP India sales Pvt. Ltd.) & (M/s Elite computer & communication Pvt. Ltd.)	IGGL's Reply
2	114	A3-Size Laser MFP	RAM size (MB)	Minimum 2048 MB	HP has managed to optimize the performance including 25 PPM speed with 1.5 GB Memory. 1.5 GB is well qualified to spool the network data including additional print management software. Hence request you to lower the RAM to 1.5GB or higher	IGGL's requirement for Memory is minimum 2GB as mentioned in the tender technical specification. Bidder may also offer for higher RAM size.
5	114	A3-Size Laser MFP	Number of Main Paper Tray	2(Two) Cassette Cassette1: 550 Sheets Cassette2: 550 Sheets	Across all HP copier MFP series our tray are set to standard 520 sheets. Hence kindly change the tray capacity to 520 sheets. It will not make much productivity difference	IGGL's requirement for main paper tray is as mentioned in the tender technical specification. Bidder may also offer for same or higher cassette capacity.

9	114	A3-Size Laser MFP	Warm-up Time (Quick start mode: ON)	12s or less	Request you to increase the warm up time to 25 secs. Higher warm up time gives us better First page Out time (like 8.5 secs). Ultimately that's what matters. Because machine's are usually started only once a day or sometimes they are rarely shut off in the first place.	IGGL's requirement for Warm-up Time (Quick start mode: ON) is 12s or less. Bidder may quote accordingly.
10	114	A3-Size Laser MFP	Print Speed (ppm) A4 Size-Mono: Minimum	A4: 25 ppm A3: 15 ppm	A4 speed we are complied. A3 please reduce to 14 ppm. Our MFP is calibrated to give an uninterrupted steady 14ppm speed.	Print Speed (ppm) A4 Size-Mono: Minimum A4: 25ppm and A3: 15ppm. Bidder may quote for higher ppm.
13	114	A3-Size Laser MFP	Page Description Languages	Standard: UFR II	This is Canon specific: Pls change to universal standard language PCL6; Post Script3	<b>Refer corrigendum 01</b>
19	114	A3-Size Laser MFP	Security Authentication	Standard: uniflow Online Express, User Authentication, Department ID Authentication, Access Management System, Picture Login	Uniflow is Canon's proprietary software. Request you to mention generic term like" print management software". Rest is complied	<b>Refer corrigendum 01</b>
22	114	A3-Size Laser MFP	Technology	1. APFM - Accelerated Paper Feeding Method 2. Separate Drum and Toner (Mono Component)	APFM Canon's specific. Request you to mention in any generic term. We suggest you to mention "duplex ADF". Rest Complied	<b>Refer corrigendum 01</b>

ii) Query raised by **M/s Better Power Services Pvt. Ltd.** and IGGL's reply are tabulated below:

Sl. No.	Item description	Technical Specification as per RFQ	Bidder's query (M/s Better Power Services Pvt. Ltd.)	IGGL's Reply
36	Make	APC/LIEBERT	Prospective bidder has asked for change in Make with suffix "Equivalent" as per CVC guidelines.	<b>Refer corrigendum 01</b>

iii) One bidder **M/s BMG Informatics Pvt. Ltd.** submitted their pre-bid queries over mail dated 03.05.2021 but did not participate in the Pre-Bid meeting. Queries raised and IGGL reply are as follows for information to all concerned:

Sl. No.	Parameters	SPECIFICATIONS	Bidder's query (M/s BMG Informatics Pvt. Ltd.)	IGGL's Reply
1	Processor	Intel Core i5-10400 (10th generation), 3.0Ghz, 9 MB cache, 6 core or higher	Request you to change to i6-10500 (Intel i5 3.10 Ghz 12MB Cache) With vPro technology as i5- 10400 is not 3.0 Ghz 9MB cache and is a non industry Standard processor.	Minimum specification for processor is Corei5 10th generation. Bidder may quote for higher.
2	Chipset	Intel B460 Chipset or higher	Request to change to Q470 as Q Series is Professional Series Chipset	Bidder may quote for B460 or higher
5	Internal HD Drives	1TB; 7200rpm; SATA III 6Gbps with pre-failure alert indication	Request you to add an additional 128GB SSD Drive where the Operating System would be installed. This would enable full utility 1TB HDD.	Not required.
7	Cabinet	Small Form Factor	Request you to amend Small Form Factor with not more than 8 litres	Bidder may quote for Small factor
10	Optical drive	integrated 24x DVDRW Optical Drive	24x is an obsolete technology. Max. 8x is attainable. Hence request you to remove 24x	<b>Refer corrigendum 01</b>
13	External I/O Ports	Minimum 8 USB ports (4 ports in front); 2 x PS2, 1 x RJ45, 1 x VGA, 1 x HDMI	Request you to add 1 x VGA/ DP	No change in RFQ specification
14	Expansion slots	4 PCI Express Slot	Proposing for 2 M.2 Slots and 2 PCIe Slots as 4 PCI Express is HP specific which would give undue advantage	No change in RFQ specification.
17	Operating system	Preloaded genuine Windows10Pro 64bit operating system with preactivated OEM recovery media and device driver	Request you to ask for an OEM undertaking from a Power Of Attorney Holder	<b>Refer corrigendum 01</b>
19	Power	250W with PFC Power Supply	Request you to add 250w with min 90% efficiency	<b>Refer corrigendum 01</b>
