1			<p>BID EVALUATION CRITERIAA            TECHNICAL            The Bidder should have completed and successfully commissioned at least one CP (PCP) system consisting of corrosion survey, design, detailed engineering, supply, installation, testing &amp; commissioning including "Detection &amp; Mitigation of DC interference and AC high induced voltage" and post commissioning surveys like CIPL, CAT/DCVG of at least one cross country hydrocarbon pipeline having influence of DC traction line, foreign pipeline/anode ground bed, overhead HT line etc. during last 7 years reckoned from bid due date as detailed hereunder:</p>	<p>Due to Covid#19 pandemic you are requested to consider BEC criteria of last 10 years instead of 07 years. In all fronts government has given relaxation, you are requested consider the same in this case too. Presently we are executing CP system pipeline project for GAIL GRPL under Mecon as PMC Part –A 184 Kms &amp; Part - B 225 Kms, 85% of the project is completed. One more project we are executing CP system pipeline project for GAIL JPHPL under Mecon Part –A 236 Kms &amp; Part -B 524 Kms, 85% of the project is completed and the project is on commission stage. One Project of JHBDPL under EIL as PMC 332 km is still not started awarded to us in 2019.</p>	<p>Tender Condition Prevails</p>
