Tender no. : 05/51/23VC/IGGL/094

DATED : 29.04.2022

S.N.	CL. No.	Section/ Page	Section Detail/Description	Clarification / Deviation	MECON's Reply
1	8.70.56	40 of 367	AI/ML-Predict normal performance for given operating conditions and gases being compressor using Honeywell unique normalized performance map evaluator	We understand that name of Honeywell has been put by mistake and is not applicable. Kindly confirm	Bidder's understanding is correct. Rest tender Conditions prevail.
2	8.70.21	37 of 367	Details of Assets	We could not find quantity of Ultrasonic flowmeters, Gas Chromatograph, H2S and Moisture Analyzers in P&ID. Kindly specify the quantities of these assets.	The same shall be as per the P&ID and other documents provided in the tender. Details shall be provided to successful bidder during detail engineering. Rest Tender Conditions Prevail.
3				Please note that we are facing challenge on some of the clauses like Warranty(IT & NW HW OEM's are unable to provide warranty for such a long period and then AMC of 5 years), Payment terms & PRS on which we need your support/clarification. Hence, we are once again raising our queries for your kind perusal.	Please refer Corrigendum
4	1.4		Payment Terms	We understand that this milestone payment shall be released on completion of each phase/lot of work. Kindly confirm.	Refer Payment terms & Mode of payment; tender condition prevail
5			Spares	Please note that for IT & NW HW 5-7 years spares support can be provided subject of placement of Warranty/CAMC order.	Refer tender Vol I and Please refer Corrigendum
6	IFB Notes/Sr. No. 2		Warranty & CAMC	Please note that most of the vendors especially IT/NW HW are not accepting this warranty terms. Hence, we once again like to highlight that for a project duration of 44 months, it is very difficult for us to confirm on the warranty asked in Tender. So, request your acceptance of warranty/DLP as 18 months from supply or 24 months from commissioning, whichever is earlier. Also, warranty has to start separately for each lot/phase of supply rather than starting it post 44 months of order. CAMC will start post end of warranty of each lot/phase of supply.	Please refer Corrigendum
7	Clause 27		Price reduction schedule of GCC	Kindly accept that PRS to be applicable on lot/phasewise order value. However, in case of any delay for the reason not attributable to the contractor or due to force majeure conditions, the provision of PRS shall not apply. PRS shall be the exclusive and the sole remedy available to the Purchaser under this Contract (or Order), tort or any other law applicable for the time being in force.	Please refer Corrigendum
8	1		Payment Terms	We understand that payments will be released within 30 days from submission of invoice. Kindly confirm.	Tender conditions prevail.
9	1		Payment Terms-Erection could not be taken up and sites are not made available by client within 06 months from the date of delivery of respective materials as per SOR Line items of "SCADA & APPS System" at site / 06 months from the date of written intimation from client/PMC for start of site services due to any reasons directly attributable to the owner.	Kindly note that 6 months is very long period for release of supply payment as we have to give 100% payment to our vendors which will result into negative cash flow of the project and is not acceptable. Hence, kindly change this from 6 months to 3 months.	Tender conditions prevail.
10	Reply to Sr. No. 101, 102, 103, 104, 105		AI/ML features being complied by SCADA & APPS	As per replies on these queries we understand that if features asked in AI/ML are being met in combination of SCADA & APPS, separate AI/ML Software & Hardware is not required. Kindly confirm.	The requirement / features of AI/ ML as per tender requirement shall be met through Separate AI/ML Server and Workstation and accordingly the system shall be provided for AI/ML. Separate AI/ML software shall be provided as per the tender in AI/ML server and workstation. Rest tender Conditions Prevail.
